

Stanford's Movement Disorders Center and Brain Support Network Present

Multiple System Atrophy Symposium

Saturday, May 4, 2024
10am–3pm PT

Speakers include Mitch Miglis, MD, Stanford autonomic disorders specialist; Elena Call, MD, Kaiser movement disorders specialist; Jocelyn Jiao, MD, Stanford neuro-palliative care specialist; Stevy Shadwick, SLP, Kaiser speech therapist, and Erica Pitsch, DPT, UCSF physical therapist.

A highlight is a panel of those with an MSA diagnosis and MSA caregivers, many of whom attend the Brain Support Network support group.

In-person and online
Advance registration required

In-person at Stanford:
Doors open 9:30am - Lunch provided
